

Systems Engineer

Summary: BATS is seeking a talented Systems Engineer with several years of Linux experience and a strong desire to build and maintain a world-class systems management operation.

Location: Lenexa, Kan.

Responsibilities

- Use the latest in systems management techniques to develop, test, and deploy configuration changes globally.
- Reduce administrative overhead wherever possible, an "automate everything" attitude.
- Identify key performance and capacity metrics and build scalable monitoring systems.
- Play a lead role in several R&D efforts and evaluate emerging technologies.
- Work closely with development teams on capacity scaling and performance tuning.
- Ensure Linux systems are adequately hardened and meet our security requirements.

Requirements

- Seven to ten years of experience managing a large 24x7 enterprise environment (hundreds of servers, multiple sites).
- Deep understanding of the Linux Kernel (scheduling, networking, I/O, monitoring).
- Solid background in configuration management (puppet/chef, build RPMs, deploy updates).
- Strong understanding of software engineering (design, testing, version control) and experience in two of: Python/Ruby/C/C++.
- Highly methodical and analytical approach to problem solving and evaluating technologies.
- Dedication to quality and attention to detail.

About BATS

Since June 2005, BATS has positioned itself in the securities industry as a leading market center delivering speed, performance, and innovation to its member base, which is comprised of hundreds of Wall Street's most recognized names. The industry and technology professionals that make up the BATS team are focused on keeping innovation and competition alive in the securities markets. Because our employees and investors come from the industry, we are well positioned to help make the securities markets a better place to do business.

Associate Benefits

BATS Exchange offers one of the most exciting places to work in the Kansas City area. Working in the securities industry is exciting, "real-time" fast, always changing, and on the leading edge of technology. We only hire the best and brightest. If you consider yourself in the top ranks in your field of expertise, then you might consider applying to BATS. Join us and work alongside other top-notch professionals ... it's always fun being on the "A" team. We have a casual (yet not sloppy) dress code, because we value what our employees can do more than how they dress. Our compensation program, made up of salary and bonus, is highly competitive. In addition, the company offers a retirement plan with matching contributions, a group health plan, and life insurance.

Apply

To apply for this position, please send a resume to jobs@batstrading.com. For more information about BATS, please visit our website at www.batsglobalmarkets.com.
